

**NEAT Brown Bag Seminars**  
**12:00 noon**  
**4440 Chemistry Annex**

- March 7:** Jim Rustad – “Kinetics of Water and Hydroxide Exchange on Aluminum Nanoparticles”
- March 21:** Sangtae Kim – “Interfacial Effects on Electrical Conduction in Solid Electrolytes”
- April 18:** Warren Pickett – “Accommodation of Charge Mismatch at Insulator-Insulator Interfaces”
- May 2:** Roland Faller – “Multiscale Modelling of Bio and Nano Materials”
- May 16:** Sergey Ushakov – “Watching the Paint Dry: Calorimetric Approaches to Interfacial Energies”
- June 13:** Alex Navrotsky – “NEAT, Energy, and Our Future, Personally, Locally, and Globally”
